COLOR COLLECTION SAFETY

Versione con film di sicurezza

With safety backing

Manutenzione / Maintenance

DecorOpal Color Collection richiede poca manutenzione, ed è facilmente pulibile. Si raccomanda l'utilizzo di un panno morbido pulito e del prodotto Nuvola.

DecorOpal Color Collection glass is easy to maintain and to clean. A soft and clean cloth is suggested, together with the Nuvola cleaner.

Applicazione / Application

Interni / Interior.

Lavorazioni / Processing

Taglio, molatura, foratura, stratifica consentite. Tempera o altre lavorazioni termiche non consentite. Si raccomanda la cura nella pulizia della superficie satinata utilizzando acqua pulita (preferibilmente demineralizzata) dopo il processo di molatura. La versione Safety certificata è disponibile per gli spessori 4 e 6 mm. Il film di sicurezza garantisce la tenuta dei frammenti in caso di rottura, e colloca il prodotto in classe 2(B)2 secondo la prova del pendolo, rif. Norma UNI ISO 12600.

Cutting, polishing, drilling, lamination allowed. Toughening and other thermal processing not allowed. It is recommended to properly clean both of the glass after the polishing process, using clear water (demineralized water preferably).

The Safety version is available for 4 and 6 mm (5/32" and 1/4") thicknesses.

The safety backing keeps the shards in place in case of breakage, and reaches class 2(B)2 at the Pendulum test as prescribed by UNI ISO 12600 regulation.

Stoccaggio / Storage

DecorOpal Color Collection deve essere stoccato in verticale, in ambiente asciutto e ben ventilato.

DecorOpal Color Collection should be stored vertically in a dry and well ventilated area.

Personalizzazione / Customization option

DecorOpal può essere personalizzato nelle tinte, con riferimento ai più comuni sistemi colore internazionali (RAL, NCS, Pantone). Tutti i decori monofacciali di DecorFlou Design, o decori propri, possono essere realizzati sulla base Color Collection.

DecorOpal could be made in custom tints, with reference to the most common international color systems (RAL, NCS, Pantone).

All single sided decorations of the DecorFlou Design collection, or custom decorations, could be etched on the Color Collection glass.
